HANGCHA trucks conform
to the European Safety
Requirements.

HANGCHA GROUP CO., LTD. reserves the right to make any changes without notice concerning colors, equipment, or specifications detailed in this brochure, or to discontinue individual models. The colors of trucks, delivered may differ slightly from those in brochures.

The World of Hangcha
SINCE 1956

HANGCHA

FOR HIGH PERFORMANCE DURING WORKING

Appearance

A vivid and sturdy exterior inheriting the classic design, embodying innovative ideas, and bringing a strong high-tech impact.

Safe

- / The vehicle has a low center of gravity design and optimized operating vision. (small counterweight design, backward tilting counterweight design, optimized triplex mast design).
- / OPS system is provided for the standard configuration and optionally an adjustable speed limit range of several segments is provided.

Mast

Can be easily installed with J-hooks through a simple process.

**MORE VISION
MORE CONTROL
MORE GUARANTEE**

All-round visibility

Optimized design provides outstanding visibility in all directions.

COMFORTABLE

- / The fully-suspended gearbox, fully-suspended overhead guard, and fully-suspended seat realize three-stage vibration reduction to reduce vibration of the vehicle.
- / Noise control: Special sound-absorbing cotton is attached to certain parts and so on to decrease the vehicle's noise.
- / Optimized ergonomic design, enlarged cab space, an optional new-generation fingertip operating system.

The fully-suspended gearbox

Fully-suspended overhead guard

Cast steering axle mounts

Truck Construction

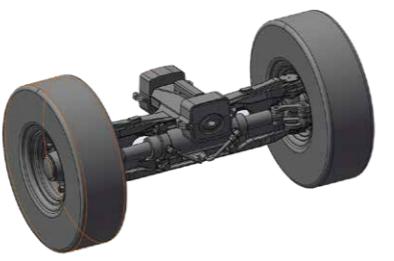

With the novel designed cast steering axle mounts, the center of gravity is lowered, and the vehicle's noise radiation is reduced. An integrated fully-suspended overhead guard is provided for the standard configuration, and customers can choose cab. Large plate stamping and molding processes and automatic welding technology are used to enable a stylish exterior.

Control system

- / Breaking through the limitation of the traditional steering axle structure, the newly developed cast open steering axle has the maximum internal turning angle increased from 77° to 82°, it can help customers work in narrow space.
- / With the cast open steering axle, the oil cylinder can be replaced easily, and the vehicle has a low center of gravity and good stability.
- / The steering axle is installed with pads, which effectively improve the operation comfort and reliability.
- / Parking brake: A central brake requiring less operating force.

An optional pedal parking brake

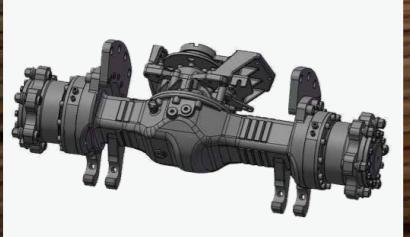

Cast steering axle

THE POWER TO PERFORM

Reliable

- / A wet axle is developed and used to significantly improve the reliability of the braking system and force transmission structural parts. (Wet brake, custom high-strength bolts, wheel side planetary reducer).
- / Wet brake drive axle + enhanced SHAOCHI/ OKAMURA enhanced gearbox. Both the drive axle and the gearbox are expected to have a service life of far longer than 10 years, and the wet brake 10 years. Enhanced four-piece rims are used.

Wet brake drive axle

Hydraulic

A high-pressure hydraulic system and load-sensing steering-priority-ensured multiway valves are used to improve system efficiency. A low-noise Shimadzu gear pump can improve reliability and reduce noise. All joints are 24° conic joints and each high-pressure pipe joint has a pressure measuring port, to enable better sealing and maintainability.

E SERIES engines and an enhanced gearbox are developed and used to significantly improve the reliability of the power train. (E series engines match the enhanced F gearbox and new Okamura gearbox).

High Power

Heat Dissipation

Power

- / The highly cost-effective Xinchai 3E22 diesel engine meets EU V emission requirements.
- / The engine has been tested for 10000h in total for reliability validation in several round, the reliability has been fully verified. It is worth mentioning that the diesel engine has been tested in Jinan testing center and Bosch Wuxi test bench for 3000h. The diesel engine has excellent reliability, and is rated as Bosch off-road project 'BES' award.
- / A plate-fin heat dissipater with less air resistance is developed, which has a heat dissipation efficiency increased by 15%.

dilution ratio

0.44%

5,000h

Very low dilution ratio of engine oil, the oil dilution ratio after single regeneration is only 0.44%, much lower than the value of 20% specified in the national standard, the oil change interval of E series diesel engine up to 500h.

DPF has a long maintenance interval, Based on excellent engine raw emission level and regeneration strategy, the ash cleaning interval up to 5000h.

DPF

E series engine

FULLY AUTOMATED

Electrical system

- / Streamer LED taillights are developed and used to make the vehicle more ethereal with a strong high-tech impact.
- / The new-generation high-efficiency energy-saving novel combination LED lighting system is energy-saving, while the performance and service life of the lights are significantly improved.
- / In order to improve the protection level, all key connectors and connectors are all waterproof.

Streamer LED taillights

Intelligent

- / Interactive instruments are provided for the standard configuration, to display the operating status of the vehicle, and realize the information interaction of the vehicle.
- / An intelligent controller can realize the functions of OPS system, and flameout for idle speed time out, and can have other optional functions of speed control, speed limiting for faults, lifting at a high idle speed, automatic fork leveling, etc.

New interactive instruments

Standards

Truck	Transmission	Steering	Power	Body
/ High-performance tire	/ Wet braking drive axle	/ Open cast steering axle	/ EU V engine	/ Special sound-absorbing cotton
/ Fully-suspended seat	/ Fully-suspended gearbox	/ Pad-equipped steering axle	/ Plate-fin heat dissipater	/ Traction device
/ Vehicle toolkit	/ Oil filter	/ Fully hydraulic power steering gear	/ Auxiliary water tank for heat dissipater	/ Engine hood gas spring
	/ Oil cooler	/ Small-diameter steering wheel	/ Anti-skid boarding step	
	/ Four-piece rim	/ Steering wheel adjusting device	/ Safety filter cartridge	/ Large rubber pedal pad
	/ Electro-hydraulic steering		/ High-efficiency air filter	/ Counterweight grille cover
	/ Gearbox dipstick		/ High-efficiency air intake silencer	/ Lockable hood
			/ High-efficiency exhaust silencer	/ Double-layer soundproof hood padding
			/ High-position air intake device	/ Water tank lid bolt with retaining ring
			/ Low-position exhauster	/ Piston rod sleeve
			/ Fan protection device	/ Traction pin locking pin
			/ Engine operation safety protection	
			/ DPF system	

Control	Hydraulic	Electrical	Portal	Overhead Guard
/ Cable-type stop brake (with safety lock)	/ Low-noise gear pump	/ Multifunctional interactive instruments	/ Duplex wide-view large-lifting-capacity mast	/ Fully-suspended overhead guard
/ Hanging control pedal	/ Load-sensing steering-priority-ensured multiway valve	/ Chair sensing system	/ Boarding handle	
	/ 24° conic joint	/ Combination LED lighting system	/ Standard fork	/ Right rear armrest with horn button
	/ High-pressure hydraulic system	/ Intelligent controller	/ Standard fork carriage	/ PVC ceiling
	/ Hydraulic oil recycling filter cartridge	/ Gear shifting switch formed by in-mold injection	/ Standard load backrest	/ Wide-view rearview mirror
	/ Self-locking valve in the tilting fuel circuit	/ Waterproof connector	/ Speed limiting valve of the mast	
	/ Hydraulic dipstick	/ Electric horn	/ Load safety valve	
	/ Double valve	/ Reverse buzzer	/ Mast descending buffering device	
	/ Hydraulic oil suction filter cartridge	/ Integrated combination switch		
		/ Neutral gear safety switch		
		/ Engine oil pressure alarm		
		/ Gearbox oil temperature alarm		
		/ Engine hour counter		
		/ Oil gauge		
		/ Water temperature meter		
		/ Preheating indicator		
		/ Charge indicator		
		/ Main power switch		
		/ Electronic alarm light		

Options

Truck	Power	Hydraulic	Electrical	Portal
/ New-generation fingertip operating system	/ Water tank grille cover	/ Hydraulic oil heat dissipater	/ Multi-segment adjustable speed limit	/ Free duplex wide-view mast
/ Combined cab	/ Basin-shaped double air filter	/ Electric proportional control valve	/ Battery for start in cold weather	/ Four-cylinder free triplex wide-view mast
/ Cab heater	/ High-position exhauster	/ Triple valve	/ Lifting at a high idle speed	/ Free triplex wide-view mast
/ Windshield and wiper	/ High-position exhaust fire protection device	/ Quadruple valve	/ Oil-water separation alarm	/ Special fork
/ User specified color		/ Quintuple valve	/ Acoustic and optical alarm light	/ Widened fork carriage
/ Solid tire			/ Start with a PIN code or by swiping a card	/ Heightened load backrest
/ Clean tire			/ Rear lamp	
/ Swinging LPG cylinder stand			/ Blue light	
/ Buckling LPG cylinder stand				
/ Fan				
/ License plate frame				
/ Labels in foreign languages				

Transmission	Steering	Body	Overhead Guard	Control
/ Double front wheels	/ Synchronous steering	/ Rotating handle of water tank lid	/ Heightened overhead guard	/ Pedal parking brake
		/ Fuel tank cap with lock	/ Additional left and right rearview mirrors	
			/ Fire extinguisher (1kg)	

Optional Attachments

/ Paper roll clamp	/ Oil barrel clamp	/ Rotating fork	/ Bucket
/ Rotatable roll clamp	/ Tipping clamp	/ Lengthened fork sleeve	/ Hook
/ Load stabilizer	/ Boom	/ Load ejector	/ Lengthened fork
/ Multi-purpose barrel clamp	/ Tie rod	/ Cardboard box clamp	/ Weighing system
/ Soft package clamp	/ Side shift fork	/ Push-puller
